DETAILED ACTION

Election/Restriction

1. Applicant's election with traverse of Group I, claims 1-13 is acknowledged. The traversal is on the ground(s) that "If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits." This is not found persuasive Groups I and II are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.0549). In the previous Office Action, it is clearly shown that the device of the group I invention could be made by processes materially different from those of group II invention, so these inventions are distinct and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

The requirement is still deemed proper and is therefore made FINAL.

Drawings

2. Figures 1 and 2 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the

Art Unit: 2811

applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

3. Claims 1-13 are allowed.
4. The following is an examiner's statement of reasons for allowance: Prior art do not teach or render obvious a semiconductor light-emitting device having an arrangement and all characteristics as claimed in claims 1 and 8.

Conclusion

5. This application is in condition for allowance except for the following formal matters:

The non-elected claims 14-17 should be canceled.
